PORTRAIT GUIDE

How does it work?

Let Denise & her team capture your child's talent and joy in a personalised Dance Portrait Session

We'll photograph your child in a mix of poses - some are actual dance moves while others are more stylised poses that capture the essence and energy of the chosen dance style.

You then come back for a private viewing appointment where you choose your favourites to have made into beautiful art for your home! You can choose one of our great value packages or you can order from our extensive à la carte menu with items starting at just €95 each.

It costs just €50 for a 30 minute portrait session, then you just buy what you love! Most clients budget several hundred Euros for portraits and payment plans are available.

Our Process

01

Book your session

We typically book several weeks in advance so if you have a specific date in mind, or want to make sure you have your portraits back for a special occasion, make sure you book well in advance! We require a non-refundable €50 session fee to book.

02

Have your portrait session

Come to our studio and enjoy your fun Dance Portrait session! Your child will be guided through a mix of still and dynamic poses - don't worry! We'll tell them exactly what to do and make sure they look great and have a blast!

03

Your portrait ordering appointment

About 2 weeks later you return to the studio to see your finished portraits in a private viewing appointment. This is when you'll decide what gorgeous products will be going on your walls and purchase your portraits.

What to Wear

Your child will be wearing their dance costume for the session. If they have a second costume we will do our best to include both, but we recommend that you start in your favourite outfit, especially with very young children who run out of steam quickly!

Please ensure they wear the correct shoes (and that they are somewhat clean!)

We have a pair of pointe ballet shoes here for little ballerinas to pose with, as well as pastel flowers and a ballerina teddy!

For Irish Dancers, if you are applying fake tan please ensure it is natural looking and well blended, especially at the knees & hands, and keep makeup light.

No matter what dance style your child does, bring along a hairbrush & hair clips.

It's very important to let us know what colour your child's outfit is, so we can plan the backdrop.

Products & Pricing

When it comes to purchasing your portraits, you can choose from our wide range of gorgeous custom-made products. Whether it's a classically framed single portrait, a modern multi-image artblock, our luxurious velvet-covered folio box of fine art prints or gift prints for grandparents, each item is designed just for you.

You also have the option of buying fully printable digital images, ideal if you want the flexibility to make your own prints going forward.

We have some great value packages or you can build your own from our extensive á la carte menu, with individual items from just €95 and finished wall portraits from €395.
