EXPRESSIONS
PORTRAITS

Expressions Portraits are a fun way to capture those fleeting expressions your little one does right now!

The scrunched up nose, the way their face lights up when they react to something you do, the mischief in their eyes when they get to do something they're not normally supposed to do.

This time is so short and capturing it now means you'll get to look back with fondness on these portraits that show their true character at this age.

These gorgeous black & white portrait studies are head and shoulders only. Without clothes to distract, the focus is entirely on your child's personality.

Your Expressions portrait session lasts approx 15-20 minutes and the fee is €50.
Then you just purchase whichever products or package you would like.

Individual portraits start at €95 for an 8in unframed print
or €150 for an 8in framed portrait.

Individual digital files (high resolution) are €150.
