PORTRAIT GUIDE

How does it work?

Our pets are only with us for such a short time, but they leave their paw prints on our hearts forever.

Let the DesignWorks Photography team capture the furriest member of your family in a fun, relaxed pet & family portrait session! Our pets bring us countless moments of joy and they deserve to have their lives captured, celebrated and honoured for generations to come. We aim to capture their character in their portraits to remind you of that special bond every day for the rest of your life.

The whole family is welcome to join your pet in their portraits, whether you also have 2-legged children, or it's just you and your furbaby!

It costs just €50 for a 45 minute Pet & Family portrait session, then you just buy what you love! Most clients budget several hundred Euros for portraits and payment plans are available.

Our Process

01

Book your session

We advise that you book as soon as you have a date in mind., We typically book 3-4 weeks in advance so if you'd like the portraits for a special occasion give us plenty of notice! We require a non-refundable €50 session fee to book.

02

Have your portrait session

Come to our studio and enjoy your pet portrait session! We'll give your pet plenty of time to settle and have both tricks and treats up our sleeves to ensure they're enjoying every bit of it! Don't worry we'll make sure everyone looks great and have a blast!

03

Your portrait ordering appointment

About 2 weeks later you return to the studio to see your finished portraits in a private viewing appointment. This is when you'll decide what gorgeous products will be going on your walls and purchase your portraits.

Preparing your pet

- Make sure your pet is well groomed before their session. If your pet doesn't need a full groom then just give them a bath and a good brush.
- Bring along a brush to smooth out their coat - we normally remove collars/harnesses for portraits and this can leave a mark in their fur.
- Manage their energy - if you have a high energy pet maybe give them a walk beforehand so that they'll be able to focus during their session. If you have an older or less energetic pet, let them rest so they'll be able to play when they get to the studio.
- Don't give them a full feed - for healthy pets, avoiding filling their tummy before their session as they will be less interested in treats. We use yummy, high value treats like chopped up hot dogs to get your dog's attention but of course you're welcome to bring their favourites along! Just chop them up small and keep them well hidden until we need them!

Preparing your pet

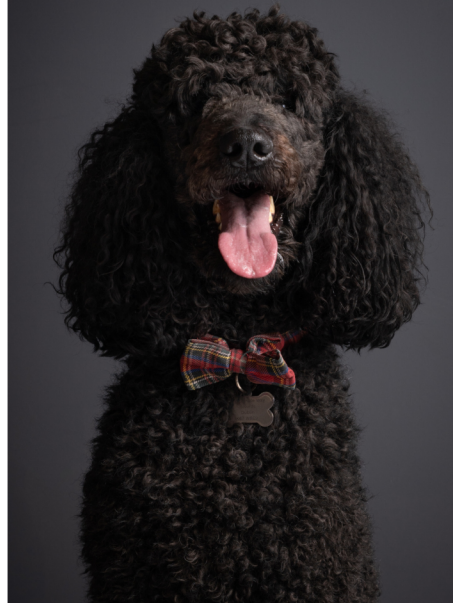

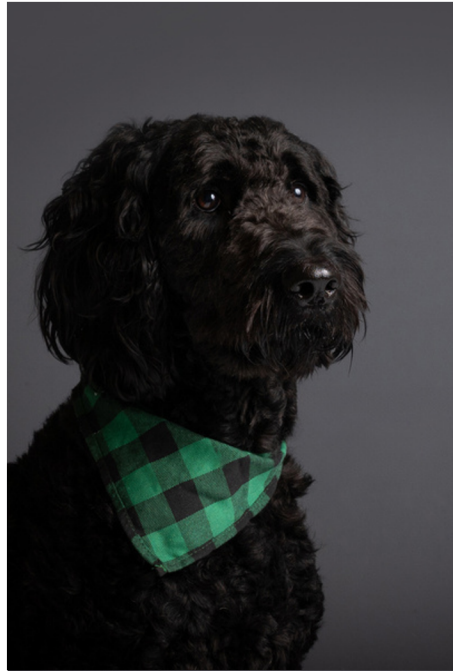

- If your pet is nervous, we recommend bringing along a comfort item like a bed or blanket. Some dogs even want their favourite stuffy for comfort!
- We have a water bowl and provide fresh water for every pet. If your dog has long ears or long fur around their muzzle, maybe bring a towel to dry them off!
- We recommend working with your pet in the weeks before your session to make sure that they can Sit and/or Stay. This makes for a MUCH easier session! Don't worry - we do NOT expect a perfectly behaved pooch! But the ability to sit for even a split second makes all the difference!
- While all breeds are welcome, we do require you to have full control of your dog at all times. If at any point our staff feel that you cannot adequately control your pet or if your dog exhibits aggressive behaviour, we may end the session early for the safety of all involved.
